TEST RESULTS
Labeling Review

Tested Property	Test Method	Requirement	Assessment
Fiber Content Label	CANADA CTLA, TL & AR	Label must be visible at point of sale, permanently attached and bilingual (English and French). (Refer to applicable sections of the Canadian Textile Labeling Act and Textile Labeling and Advertising Regulations).	P Present.
Care Label	CANADA CAN/CGSB-86.1	Care labelling is not required by law in Canada. If the care instruction is present, it must be correct because this constitutes a "Trade Description" and if misleading this would be an offence under the Trade Descriptions Act.	P Present
Country Of Origin	CANADA CTLA, TL & AR	May be disclosed per applicable Sections of Canadian Textile Labeling Act and Textile Labeling and Advertising Regulations.	P Present
General Product Labeling	CANADA CTLA	Dealer identity may be disclosed by identifying the name & full postal address or the identification Number" referred to as "CA Number" – Textile labeling Act.	P Present

Remark: P=PASS, F=FAIL

Note: The applicant shall be responsible for the authenticity of the content of the label.

Classification: ☒ **Pass** ☐ **Fail**

Explanation Of Flammability Results:

Code	Description
FST	Flame Spread Time
DNI	Did Not Ignite
IBE	Ignited But Extinguished

The burning direction in sequence test is reference to the fastest burning direction found in preliminary trial test.

This test report is governed by the Terms and Conditions, available on request or attached to the end of this test report. Attention is especially drawn to the limitations of liability, indemnification and jurisdictional provisions defined therein. This report is issued strictly based on the testing of the samples submitted by you. The test results in this report refer only to the sample(s) actually tested and do not refer or be deemed to refer to any bulk production from which such sample(s) may be said to have been obtained. In the event that Eurofins MTS Consumer Product Testing (Dongguan) Co. Ltd ("ERF") was requested to survey and test any bulk production quantity of samples, ERF, in the absence of any contrary written instructions, performed random sampling of bulk production for testing purposes. Variations in the conditions under which samples are stored, transported, etc., may lead to variations in the test results. ERF cannot anticipate and shall not be held responsible for variations in test results that may be due to factors beyond ERF's control, such as, sample cross-contamination, evaporation of volatile substances due to storage temperature, humidity, etc. This report does not constitute a recommendation, actual or implied, for any specific course of action. Other than the expressed warranties made in the Terms and Conditions of the ERF Test Request Form, ERF makes no warranties or representations either express or implied with respect to this report. In no circumstances whatsoever shall ERF be liable for any consequential, special or incidental damages arising out of, or in connection with this report.
